**FMA + 12 Gage are a multi-award-winning father and son duo from Preston**

**The project initially began in 2013 as a way for a father to help his son overcome a stutter, but it has snowballed into something that no one could have predicted.**

**Using techniques from screenwriting, they create hybrid songs that are a fusion of high energy rap, electronic, metal and dance music.**

**They are an act unlike any other**
